## Grid Designer

- [FMP360 Grid Designer Tutorial](#)

A screenshot of the Gomocho FSP Portal - GoDemo - Acc. interface. The top navigation bar is dark blue with the Gomocho logo on the left and a user profile on the right. A sidebar on the left contains a list of menu items, with "Grid designer" highlighted in green. The main content area is titled "Grid configurator" and features a search bar for customers, a "RESET" button, and a table with columns: Name, Number, Region, Phone number, Mobile phone, House number, Street, City, and State. Below the table, there are navigation controls including a "1000" items per page dropdown and a "No items to display" message.

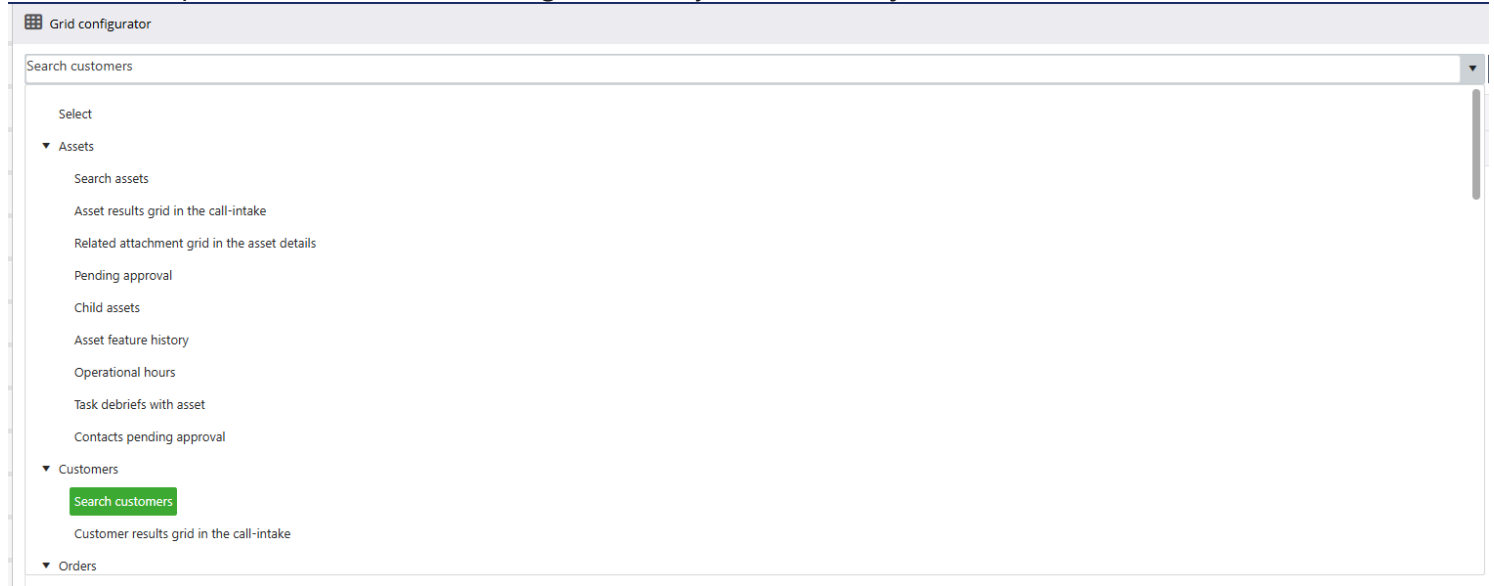

## Description

- The "Grid Designer" is a tool that allows customers to configure and rearrange specific information columns and their screen positioning to their organizational needs.
- Users Can
  - Configure and rearrange data columns to align with specific organizational requirements.
  - Custom configuration allows users to tailor their interface, leading to more efficient and productive workflows based on individual or team needs.
  - The **Grid Designer** enables configuration of all column-based views.
  - Configurable views include, but are not limited to: **Order Search**, **Asset Search**, and **Customer Search**.
    - See drop down menu on screen for all available options

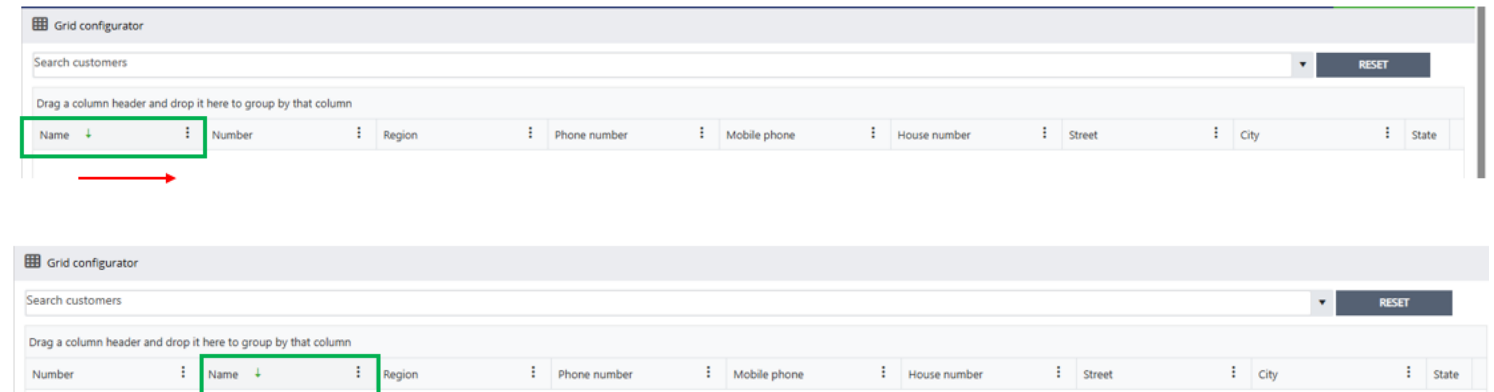

## Configuration Options

- The examples shown in the images use the grid on the **Customer Search** screen.

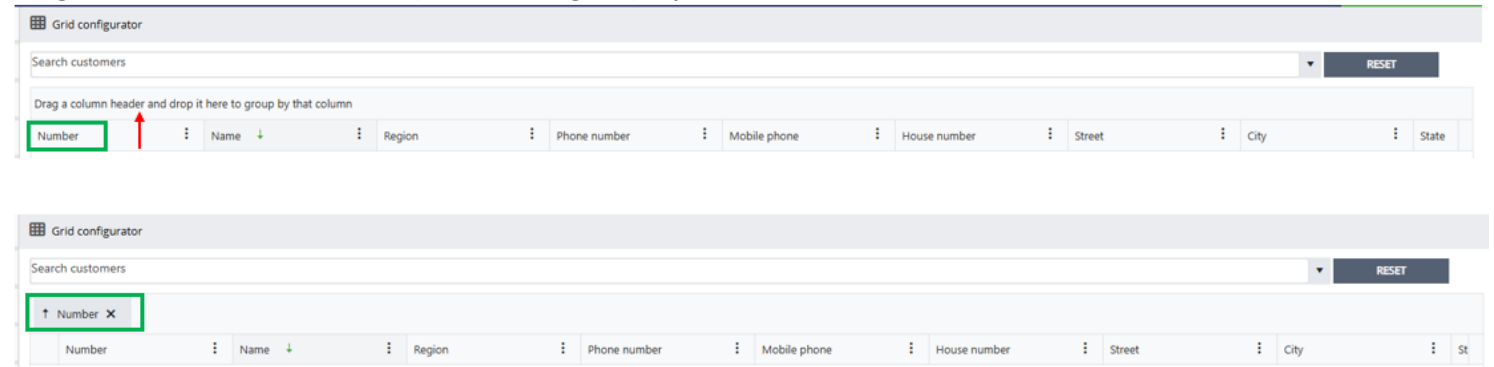

From the drop down menu select which grid screen you want to adjust

Drag and drop a column header to the desired location to rearrange grid columns

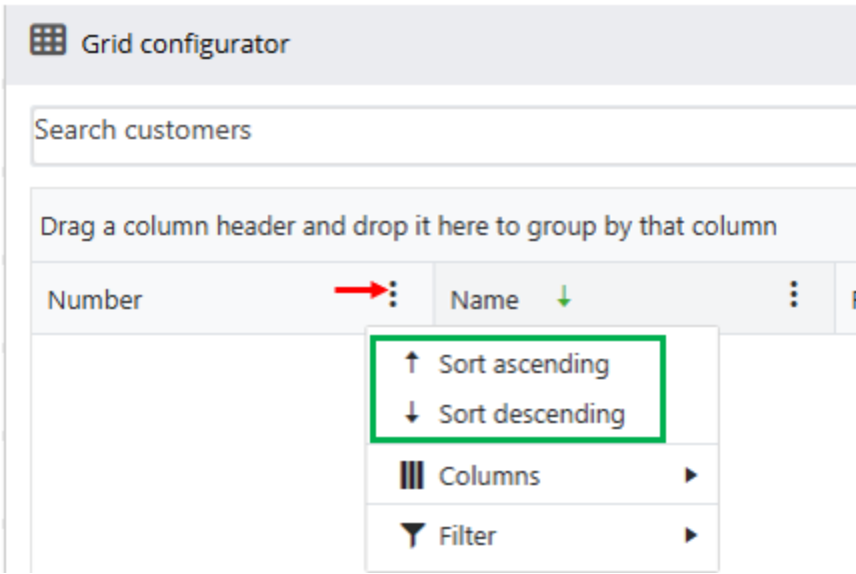

Drag a column header and drop it here to group by that column

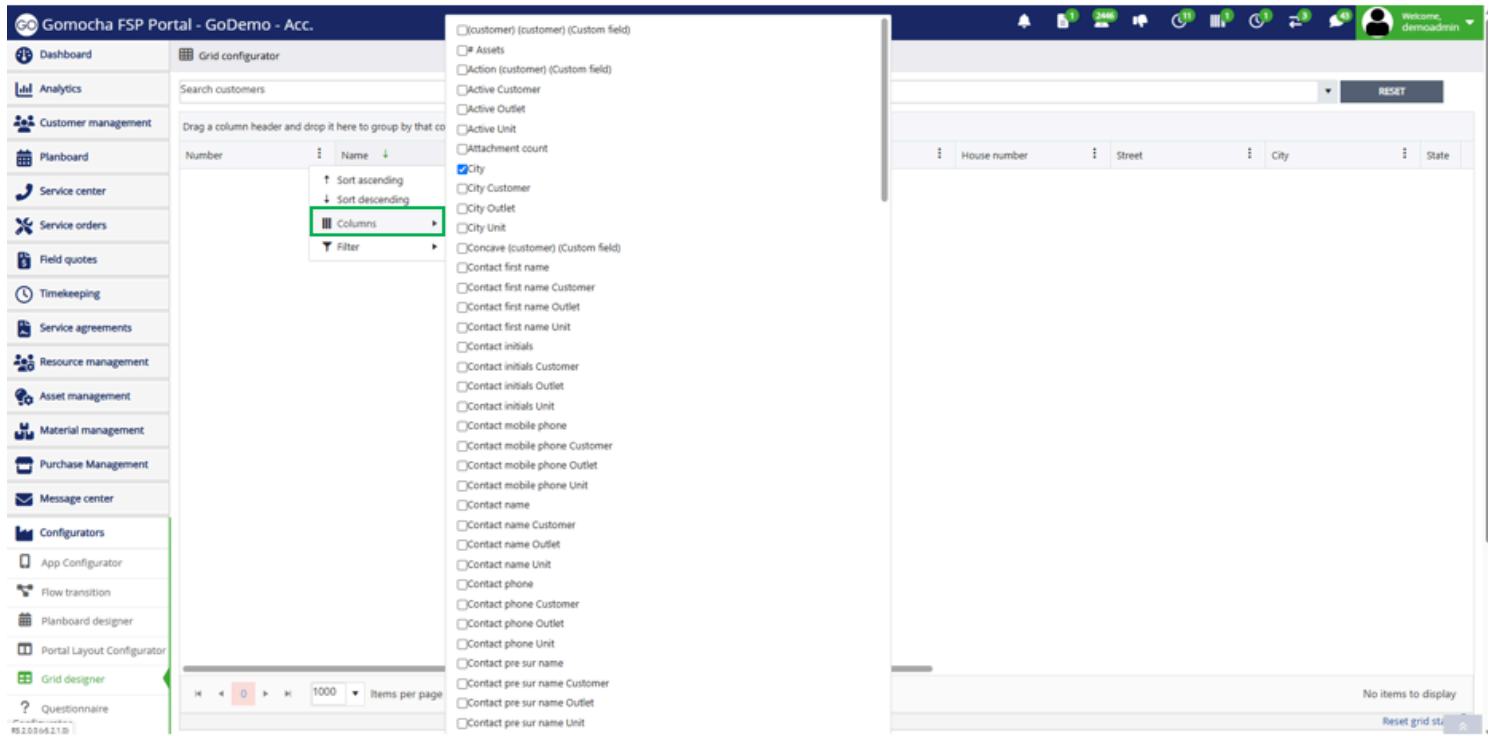

3 dot context menu in each column for the following options:

**Sort Ascending/Descending:** Sorts column data by selection

**Columns:** User can add additional columns to the grid

**Filter:** Users can apply filters to display only column items that match specific values.

Drag a column header and drop it here to group by that column

| Number            | Name | Region |
|-------------------|------|--------|
| ↑ Sort ascending  |      |        |
| ↓ Sort descending |      |        |
| Columns           |      |        |
| Filter            |      |        |

Show items with value that:

Is equal to

And

Is equal to

Filter Clear

## Output

Changes made by the user to the grid will be immediately visible on the corresponding screen (e.g., **Customer Search**).
